

SHAPING yoUR DREAMS

SATPAL MAHARAJ
Member All India Congress Committee
Former Union Minister of India

It is a matter of immense pleasure that Asa Ram Aggarwal Education & Research Society is running technical and professional courses at E-max Group of Institutions.

The institutions are offering golden opportunities for the aspiring career oriented students of various disciplines and courses along with contributing to the growth of the latest technologies and specialized courses leading to the speedy progress of the society.

I congratulate Mr. Om Parkash Aggarwal, CMD of the group and the member of Board of Governors for their whole hearted dedication commitment to the all round development of young generation. I am sure, E-max Institutions will prove a milestone in the progress of the state of Haryana as well as the country. At the same time it will put a check on drainage of the talented students who pursue advanced professional courses in foreign universities. I extend my heartiest good wishes for the spectacular success of the institutions.

PRINCIPAL'S MESSAGE TO PARENTS

"Education is a shared commitment between dedicated teachers, motivated students and enthusiastic parents with high expectations."

The parent - teacher trust and mutual understanding is a real secret to a child's optimum development. A balance of education at home and school moulds a student's actual learning. A good parent teacher relation leads the child to be positive towards attending school.

Teachers and parents provide a vital support system to help students flourish. Parents are a child's first role models; they have a key role in shaping up their character. Children tend to imitate their parents and try to behave in much of a similar manner.

A teacher is a child's first friend from whom he/she learns his/her social skills, in addition to the educational training.

A teacher thus broadly guides the child and nurtures his/her interests and academic learning.

It is when both the groups work together toward the same goal that one can see significant growth in a child's development outcome. Therefore, our message to the parents is: Be a helping hand in their educational learning and travel with them as a true inspiration.

Let's be a role model in shaping our children's bright future. It is only through a close collaboration and partnership that we can achieve our goal of producing responsible world leaders and sensible global citizens of the imminent future.
